

STARMed Ventumask Basic

For CPAP therapy with Venturi flow driver and adjustable PEEP valve

Now available
with nebuliser port option

- CV209S (Small)
- CV209M/L (Medium/Large)
- CV209XL (Extra Large)

Nebuliser kit not included

STARMed Ventumask Basic with Venturi flow driver & adjustable PEEP valve

StarMed Ventumask Basic

StarMed Ventumask Basic is a unique design for CPAP therapy that is simply activated by connecting to an appropriate oxygen supply. It can be used in a hospital environment or pre-hospital use, for example in an ambulance.

Advantages and Technical Features

- Ventumask Basic is a complete and easy to use system, where the oxygen supply tube, a Venturi flow driver and a PEEP valve are integral to the CPAP mask
- The integrated Venturi flow driver is operated by a single oxygen flowmeter to generate high patient flows while consuming a reduced amount of compressed gas
- The built-in adjustable PEEP valve is designed exclusively for Ventumask Basic and the administration to the patient is facilitated at some pre-settings: 5 - 7.5 - 10 - 12.5 cmH₂O
- O₂% of 40% can be delivered at each PEEP level
- The user is guided by a performance table integral to the product, to be aware of patient flow at each PEEP settings

The kit is composed of:

- CPAP mask with safety valve and port to monitor actual O₂% or pressure
- Venturi flow driver integral to the mask
- Adjustable headgear included
- Adjustable PEEP valve designed for Ventumask Basic facilitates some pre-calibrated pressure settings
- Integral oxygen tube

Ventumask Basic for CPAP therapy with Venturi flow driver and adjustable PEEP valve

Requirement		Setting	Flow delivered
O ₂ % approx	PEEP cmH ₂ O	Flow O ₂ L/min	Flow approx L/min
40%	5	12	57
	7.5	12	52
	10	12	47
	12.5	12	42

Performance table subject to changes. Always refer to product labelling.

Code	Description	Size	Box Qty.
CV203S	Ventumask Basic CPAP mask with integral Venturi flow driver and adjustable PEEP valve	Small	5
CV203M/L	Ventumask Basic CPAP mask with integral Venturi flow driver and adjustable PEEP valve	Medium / Large	5
CV203XL	Ventumask Basic CPAP mask with integral Venturi flow driver and adjustable PEEP valve	Extra Large	5
